February Birthday Sale

Owl & Sontag
Rexall DRUG STORES

Rx Year in, year out, influenza causes workers to lose more time from their jobs than any other disease. The incidence of influenza is second highest of all disabling sickness. To help you in fighting a tough foe, to aid in building resistance, make Rexall Stores your prescription headquarters.

And How They're Values! During Rexall's great February Birthday Sale Owl & Sontag bring you greater values at lower prices. Check these values — visit our stores — see for yourself!

REXALL RADIO SHOW
Half hour of hilarity with **DURANTE & MOORE**
KNX-Fri. 7-7:30 P.M.

Rico Has Plans
American-born Rico Tancos, who escaped Dachau prison in Nazi-occupied Czechoslovakia, has enlisted in counter-intelligence corps of U.S. army in San Francisco with hope of duty in the homeland of his torturers. The 18-year-old Jewish youth has failed to locate his actress-mother, whose real name is Christiana Tancos, in America. An actor himself, Rico has appeared in "The Student Prince," the perennial "Bombing opera" laid in old Heidelberg, the citadel of German military tradition.

War Bonds And Saving Stamps Gets School Aid

According to a recent statement from the United States Treasury Department, War Bonds and Stamps will continue on sale under the name of U. S. Saving Bonds and Stamps. The Los Angeles city schools are continuing in the sale of stamps and bonds through this year. More than \$41,000 in stamps and bond sales were made in this area by nine schools, during the period from Sept. 4 to Dec. 31, 1945. To stimulate the sale of stamps and bonds the city schools are engaged in a patriotic program to purchase hospital units for veterans in Army and Navy hospitals. Each unit, costing \$3000, is purchased through the sale of U. S. Saving Stamps and Bonds, and consists of all medical supplies needed by a wounded veteran during his treatment. It has been announced that for each \$3000 in Stamp and Bond sales 800 "deals" bearing the school's name were sent to the Birmingham General hospital in Van Nuys and 166 "deals" to the Naval hospital in Long Beach. Of the total units purchased, schools in this area accounted for 21. The following is a list of the schools in the area with their total stamp and bond sales during this period: Torrance high school, \$9300.25; Narbonne high school, \$4676.65; WALTERIA, \$362.85; Torrance Elementary, \$207.65; Orange Street, \$6492.80; Lomita Elementary, \$2,682.45; Harbor City, \$11,107.80; Fern Avenue, \$1144.70; and Carson Street, \$3034.75.

PLANTING OF HOME GARDENS URGED IN FOOD SHORTAGE

The food picture is tightening again and, as a result, the probable value of a good garden goes up, says the farm advisor. Retail prices of vegetables are extremely high and there is little, if any, prospect of their lowering. A well-managed garden can supply the home with more vegetables at less cost and the nutritional value of the fresh product will be much greater than from the market. Start now on the Peace garden. Get gardening information from the farm advisor's office, 808 No. Spring st., Los Angeles 12.

USE GRASS FROM LAWN TO AID IN CHICKEN FEED

Grass is beginning to grow in lawns and vacant lots. Several pounds of green feed to a hundred hens daily will reduce their consumption of other feeds, and as the latter are becoming scarce, the saving is essential. It won't take a minute to push the lawn mower a few feet every morning and get a few handfuls for that dozen hens in the backyard, says the farm advisor's office.

FARMERS AND INDUSTRY
"The American farmer who toils for his family's welfare and the American worker who toils for his family's bread are partners. Their interests are inseparably welded together in a common interest. The focal point of their common interest is food."
—U. S. Senator Guffey of Pennsylvania.
